Data – 1st November 2016 View the national reports at [SPSP Data Dashboard](#)

What’s been happening with the SPSP MH team

- Meetings have been held with the Medicine and Violence, Restraint & Seclusion Workstream Development Groups. The Safety Principle Packages were the main focus of the meetings.
- Safety Principle Packages: undergoing further revision following the Workstream Development Group meetings. We aim they will be available as an online resource shortly.
- Phase 3: the team have been continuing to develop networks and plan for the next phase of SPSP MH.
- MH General WebEx: In September, we were joined by Joanne Matthews Head of Safety In Healthcare, click [here](#) to view the WebEx.
- Exploring the health and safety management implications of self harm and mental health within NHSScotland – hosted by the Health and Safety Executive and Healthcare Improvement Scotland on 14 September, Golden Jubilee Conference Centre.

- SPSP-MH & Carers Trust Triangle of Care Outcomes Event took place on 31st August 2016 in Glasgow. The event included presentations, world café style discussions and workshops. Attendees included carers and staff from mental health services throughout Scotland.

Karen Martin, Carers Trust - Setting the Scene

Gráinne Smith – Working Collaboratively with Carers

Faye Mundell & Jacki Ishmael - Triangle of Care

World Café discussions – what is harm?
