

Warfarin

Did you know that you should have your INR tested 3 days after starting **any** course of antibiotics?

Please speak to your pharmacist if you have any queries about your medication or how to get your INR checked.

Antibiotics

Warfarin

Did you know that it is important to take your warfarin dose at the same time each day?

This is usually around 6pm.

Please speak to your pharmacist if you have any queries about your medication or what you should do if you miss a dose.
