

# Join us to share experiences and discuss improving diabetes inpatient care in NHS Scotland

As a key contact for your NHS board, you have been sent this invitation to distribute amongst your colleagues to whom this may be of interest.

We recommend that attendees include inpatient diabetes teams, improvement leads, acute patient safety teams and non-specialist diabetes clinicians wanting to improve the care of patients with diabetes.

## *Aims of the day*

To learn more about the Diabetes - think, check, act programme, its potential benefits on quality of care and how it could be implemented in your clinical area

To network with colleagues across NHS Scotland and share good practice

An opportunity to present and share initiatives and successes in inpatient diabetes care
