

## RESULTS HANDLING MEASUREMENT PLAN

Measure Name	Compliance with Results Handling bundle
Measure Type	Process / Percentage
Measure Description	% compliance with bundle
Numerator	Number of patients who received all elements of the bundle
Denominator	Number of patients sampled
Sampling Plan	To collect data on random samples of patients who have had any of the following blood tests taken: FBC, U+Es, TFT and LFTs
Reporting Frequency	20 patients per month
Numeric Goal	95% compliance with test results bundle

## Tracking and Reconciliation of Laboratory Tests Measurement Plan

Measure Name	Tracking and Reconciliation of Laboratory Tests
Measure Type	Process
Measure Description	Compliance with reconciliation:  Have you carried out a process in the last 7 days to ensure all the FBC, U&Es, TFT and LFTs blood tests taken for <b>ALL</b> patients have been returned to the practice? (not just the sample of 20 patients).
Reporting	% of practices reported carrying out reconciliation process in last 7 days
Reporting Frequency	Measured monthly in last week of each month
