AIMS OF SPSP-IMPROVING OBSERVATION PRACTICE

1. To produce a refreshed national observation practice guidance centred on human rights principles and recovery focussed practice.
2. To ensure safe and reliable observation practice that values prevention, early recognition and response, in order to improve patient and family experience and reduce harm.

Aims for today

- Develop as a community of practice
- Set out key aspirations around observation practice
- Refresh QI capability
- Drive transformative change in practice
