

MCQIC NEWS

MCQIC Learning session – 20 March 2019, Glasgow

[This one-day event](#) provides an opportunity for the maternity, neonatal and paediatric communities to come together as a group to network, share and learn. **Please contact your SPSP Programme Manager or Programme Lead if you're interested in attending.**

MCQIC WebEx series

- **26 February at 1.30pm:** Maternity Care – Postpartum haemorrhage (PPH) and stillbirth. Join to share and discuss any learning and challenges from the newly launched PPH and stillbirth measures.
- **12 April at 2.30pm:** Paediatric Care – topic to be confirmed
