

## NSAIDs Safer Care Bundle – Run Chart 1

From the data collection sheet each week, plot the total number of Ys for a sample of 10 patients in response to the question below and enter the date. Along the x axis (horizontal), enter the date and along the y axis (vertical), enter the number from the **purple** box. Join each point on the chart with a line.

Question: **Has the patient's use and/or need of their NSAID been assessed?**
