

NSAIDs Safer Care Bundle – Run Chart 4

From the data collection sheet each week, plot the total number of Ys for a sample of 10 patients in response to the question below and enter the date. Along the x axis (horizontal), enter the date and along the y axis (vertical), enter the number from the **yellow** box. Join each point on the chart with a line.

Question: Has full compliance with the bundle been achieved?
(compliance is reached for any question if the answer is Yes or Not HR/Not TW as applicable)
