### Learning Module 10: Sessions 1 & 2 19 and 24 August 2021, MS Teams

Thank you to those who attended sessions one and two of learning module 10. The sessions started as an introduction to Microsoft Excel, with the second session looking at basic formulas, managing multiple sheets of data and producing a chart.

Access the slides and the supporting handouts used in both sessions on our MS Teams group.

#### Thank you for your feedback!

"I'm amazed by the potential of the system but will feel more confident in the use of excel and wont avoid."

"Really good overview of the basics."

"Excel is not that bad, working with data is good and I now think that I can do this."

"Well explained. Pitched at perfect level for me."

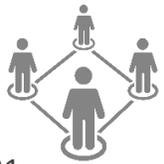

"Would be even better if I had time set aside to do some practice immediately afterwards."

### Coaching calls

Monthly coaching calls with improvement coaches continued in July and August, with the following common themes emerging:

- Teams continue to experience significant system pressures
- Coaches engaging with teams in a way that is responsive to their capacity and needs
- Boards planning or delivering local education sessions to new value management teams

### Coach networking event 31 August 2021, MS Teams

We held our first virtual coach networking event on 31 August 2021.

The session gave improvement coaches protected time to connect more informally to **build relationships** and **enhance the learning network**.

Participants broke off into an un-facilitated breakout room which provided them with an unstructured free space to discuss experiences, challenges and opportunities.

Thank you for your continued participation.

**\*\* Even if you did not attend, please can we ask that you spare a few minutes to [complete our short feedback form](#) \*\***

This will help us plan future networking events to suit your needs. Thank you!

All presentation slides and resources can be found in the 'Events' folder in our [Value Management Collaborative](#) MS Teams group library channel.

### Value Management toolkit

Following the support received from improvement coaches on the co-design workshop held on 23 June 2021, we are continuing to develop resources for spread and will keep you updated on our progress with this.

# Spotlight on the Value Management Interim Learning and Impact report

Thank you to those who have contributed to the production of the [Value Management Collaborative – Interim Learning and Impact report](#) and [case studies](#). We really appreciate your valuable input to the evaluation, enabling the celebration of achievements and capturing and sharing learning.

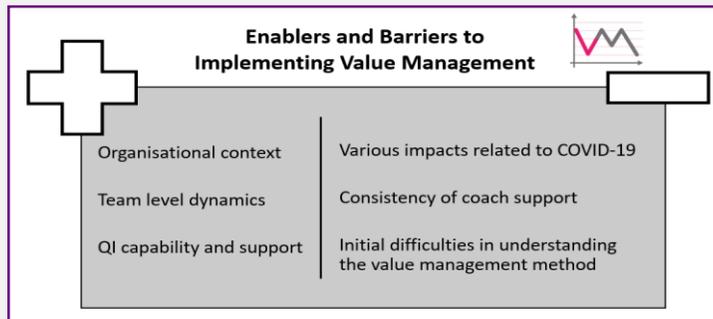

## Interim Learning and Impact Report

The interim learning and impact report presents the progress and achievements so far of phase one of the Value Management Collaborative. The impact of COVID-19 on the delivery of the work has been significant and is acknowledged within the report.

The report shares evidence of **impact** in relation to four domains of collaborative delivery:

The report also shares **learning** from the national team and participating boards around the design, delivery and interventions of the collaborative.

To read more about the experiences of pilot teams, [access the full report](#).

## Executive Summary

The interim learning and impact **executive summary** provides a high level overview of our full report, including key learning so far.

Access the [executive summary](#).

## Case Studies

A [case study](#) detailing the work in the **Day Medicine Team in NHS Forth Valley** has now been published on [the case studies page](#) on our [ihub webpages](#).

NHS Forth Valley Day Medicine Unit successfully implemented the Value Management approach:

- Driven by a multidisciplinary core group around the team lead, including finance
- Supported by an enabling management culture, and
- Leading to changes including better, safer discharge communications, reduced need for patients to attend hospital for treatment, and reduced Did Not Attend.

Keep an eye out for the following [two case studies](#) later this month:

- **Easter Ross Community Mental Health Team in NHS Highland**
- **Phillipshill Spinal Unit in NHS Greater Glasgow and Clyde**

## Next steps for 2021

16  
Sept

### Drop-in sessions

This drop-in session will be held between 10-11am via MS Teams. These sessions aim to give coaches and team leads the opportunity to network and collaborate, share learning and successes, and troubleshoot any issues.

16  
Sept

### Project surgery

This project surgery will be held via MS teams between 2-3pm. Thanks to Carolyn Aitken who will be sharing NHS Tayside's value management work/ experience to date.

**If you would like to volunteer your board to present at the next project surgery or have an idea for a topic to be covered please contact us: [his.valuemgt@nhs.scot](mailto:his.valuemgt@nhs.scot)**

Sept

### Identifying and agreeing priorities meetings

Given the ongoing significant challenges in the system over the last year and resulting impact on value management work, we are keen to understand board ambitions over the next six months and provide appropriate support to achieve these.

We are currently meeting with each participating NHS Board to identify and agree priorities until March 2022.

**Dates and content of future activity will be confirmed following meetings with the boards. Keep an eye out on our MS Teams group for our updated activity tracker.**

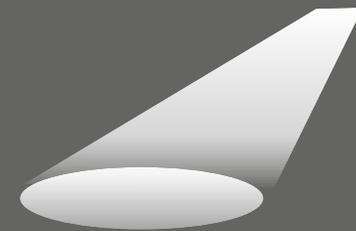

## MS Teams

All resources relating to the collaborative are available in the library channel within our 'Value Management Collaborative' MS Teams group. This includes presentation slides from recent events. If you are not already a member of the team, you can [request to join via this link](#).

## Updated ihub website

We have recently updated our [Value Management ihub webpage](#) with a new layout, making it more accessible and easier to find a range of different resources. Let us know what you think!

We aim to spotlight a participating board in the next flash report. This is an opportunity to showcase some of the achievements of your teams implementing value management.

Please get in touch if you would like to feature as a spotlight in October.
